WAKATIPU GARDEN CLUB

Welcoming local garden enthusiasts since 1964

The Wakatipu Garden Club has welcomed local garden enthusiasts in Queenstown, Arrowtown and surrounding regions for over 60 years. Founded in 1964, it looks to share and nurture knowledge as well as foster a love of gardening and nature within a friendly and welcoming group.

We usually meet monthly on the second Monday or the month at 2pm at St Margaret's Church Hall, Frankton (except January & July). We also arrange regular visits to interesting gardens in our region, including full day excursions by chartered bus. The club also gives back, supporting local community projects. Our annual membership subscription is $30 and includes receiving our monthly e-newsletter with regular updates of interest as well as information about upcoming trips.

New members are welcome to join throughout the year, and we love welcoming people who bring their enthusiasm, knowledge and passion to our club.

Club Activities

- Monthly meetings – some with guest speakers
- Regular garden visits and full day excursions
- Friendly community and shared garden knowledge
- Monthly e-newsletter with updates and events
- Social events and plant related activities
- Community support initiatives
